Boiler Water Additives

Product Range

| | |
|---------------------|--|
| Prior - 101 (sw) | Scale & Corrosion Inhibitor (Single Product) |
| Prior - 102 (sw) | Scale Preventive & Sludge Conditioner |
| Prior - 103 (sw) | Scale Preventive & Alkalinity Conditioner |
| Prior - 104 (sw) | pH Booster |
| Prior - 105 (sw) | Dispersant for High Alkalinity |
| Prior - 106 (sw) | Anti Forming Compound |
| Prior - 107 (sw)-I | Oxygen Scavenger / Corrosion inhibitor |
| Prior - 107 (sw)-II | Hydrazine Based Oxygen Scavenger |
| Prior - 108 (sw) | Vapor Phase Corrosion Inhibitor |

Cooling Water Additives

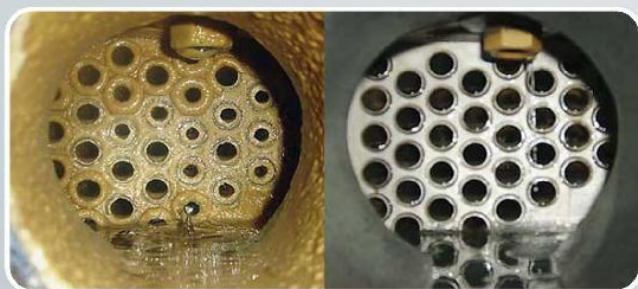

Product Range

| | |
|---------------------|---|
| Prior - 201 (sw) | Scale Inhibitor (For High Hardness) |
| Prior - 202 (sw) | Scale / Corrosion Inhibitor (Pclymer Based) |
| Prior - 203 (sw)-I | Oxidizing Microbiocide |
| Prior - 203 (sw)-II | Non - Oxidizing Microbiocide |
| Prior - 204 (sw) | Alkalinity Disperser |
| Prior - 205 (sw) | Bio - Dispersant |
| Prior - 206 (sw) | Dispersant |
| Prior - 207 (sw) | Corrossion Inhibitor (OC) |
| Prior - 208 (sw) | Corrosion Inhibitor (Closed Loop) |

Descalants / Passivators

Product Range

| | |
|------------------|-----------------------------|
| Prior - 301 (sw) | OFF-LINE Descaling Compound |
| Prior - 302 (sw) | ON-LINE Descaling Compound |
| Prior - 303 (sw) | Passivation Compound |
| Prior - 304 (sw) | For AHU/Air Washers , AC |

RO Water Additives

Product Range

| | |
|------------------|-----------------------|
| Prior - 401 (sw) | RO - Antiscale |
| Prior - 402 (sw) | Descalent for Low pH |
| Prior - 403 (sw) | Descalent for High pH |

Effluent Treatment Additives

Product Range

| | |
|------------------|----------------------|
| Prior - 501 (sw) | Coagulants Additive |
| Prior - 502 (sw) | Bio Culture Additive |
| Prior - 503 (sw) | Settling Additive |
| Prior - 504 (sw) | Deformer |

Fuel Additives

Product Range

| | |
|------------------|----------------------------|
| Prior - 601 (sw) | Fire Side Chemical |
| Prior - 602 (sw) | Clinker & Shoot Cleaner |
| Prior - 603 (sw) | Fuel Additive For LDO & FO |

MEE Plant Chemicals

Product Range

| | |
|------------------|---|
| Prior - 701 (sw) | High Quality Polimer for Despersing All Kind of Solts |
| Prior - 702 (sw) | Descaling Chemicals for MEE Plant (Acitic) |
| Prior - 703 (sw) | Descaling Chemicals for MEE Plant (ALK) |

Company Profile

Prior Hydrotech Chemicals promoted by professionals from the Water Treatment chemicals, recognize this fact and have made a modest beginning with a vision to be the market leader and cater to this industry segment in the days to come through our innovative chemistry and application technology in a most cost effective way and thus helping our customers.

We have developed a full line of proprietary formulations for the waterside of your operations. Our products include waterside chemicals for cooling and boiler water applications such as corrosion inhibitors, dispersants, scale control agents, biocides, oxygen scavengers, precipitating agents, solubilisers, and neutralizing/film forming amines. In addition, we have developed a series of chemicals to improve boiler combustion efficiency to prevent high temperature-zone corrosion, and to impede the formation of fireside residue deposit. In addition to traditional treatment programs, **Prior Hydrotech Chemicals offers alternative solutions encompassing** new technology, which will not only solve your cooling water problems, but will also allow you to meet your environment discharge objectives. To prevent metal loss, has developed both metal based (molybdate and zinc) and Non-metal based (polyphosphate, acrylate and phosphonate) corrosion inhibitors.

Our Vision

Prior Hydrotech Chemicals is committed to consistent development. There by Water Treatment chemicals, with the resources to deliver the products as per customer's requirements. We offer unparalleled value to create customer delight and enhance business productivity.

Our Mission

Striving to be a leader in our field by making Water Treatment chemicals with superior quality, collaborating with customers to reduce costs and build basis for mutual collaboration, and intensifying our efforts towards ongoing financial stability and profitability.
